

Please cooperate with demonstration tests of disaster information

英語

Kinki Bureau of Telecommunications is conducting demonstration tests for a system that provides information on evacuation, returning home, and safety issues and advice in the event of a disaster.

We aim to make foreigners' stay and life in Japan safer and more comfortable by providing appropriate information in their own language during times of disaster.

How to register

1. Download the smartphone app "Portable News"
2. Set "Language Select" to English (US flag) and press "Field trial participants from here"
3. Scroll the screen and press "Confirm"
4. Enter your nationality, gender, and birth year
5. Load the language-specific QR code from "Camera activation" and press "Confirm"

English

6. Confirm your entry and press "Registration"
7. Confirm the display "Attribute information was registered." and press "OK"

- Download and register the smartphone app "Portable News". We will notify you of dummy disaster information during the exam period until the end of June.
- We will send you the URL of the survey site later. Please let us know what you think about the registration process and quality and details of the notification information.
- The information provided will be used as a reference for future service operations. All registered information will be discarded once the test has been completed.
